

Ref	Component	Value	Description
V1	DC Voltage Source	125 V	Power supply
R1	Resistor	20 Ω	Parallel branch 1
R2	Resistor	100 Ω	Parallel branch 2
R3	Resistor	50 Ω	Parallel branch 3

Note: All resistors connected in parallel. Each branch sees the full 125 V. Total resistance = 12.5 Ω.
